

2021 – 2022 Women in Leadership Committee Report
Presented at the ATA Local 10 AGM

The Women in Leadership Committee (WIL) was newly formed this year with the intent to advance and support the interests of women in leadership within our ATA Local. The committee is open to all members of our Local.

In its inaugural year, the committee was headed by our Local President, Sarah Cresswell, and DEHR Representative, Christy Haggarty. From January to May 2022, three evening Zoom meetings were hosted featuring local female leaders who spoke upon various topics surrounding and relating to women in leadership. The WIL looks forward to continuing to grow and develop in the 2022 – 2023 school year. Should you have any speaker or event suggestions for the committee, or should you be interested in joining the WIL committee, please reach out to our Local 10 President Sarah Cresswell.

Respectfully Submitted,

Stephanie Carrozza
