

## October 2023: Local President Report

Evening Staff Reps, Committee Members and Guests,

September marked the beginning of another new school year. You worked tirelessly to ensure that your classrooms were adequately prepared with necessary resources, support, and information to welcome students back to the classrooms. So here we are now in October! Our membership engagement efforts continue with email updates, social media and the planning of upcoming events. We are actively seeking feedback and input from our members to better address the needs of our local teachers.

September was a productive and challenging month, but we are (staff reps and committee members) committed to working together as a local to address the needs of our members and promote the best interests of education in our school communities. We look forward to another month of hard work and progress and anticipate Fall Break as well.

Tomorrow enjoy WORLD TEACHER Day at each of your school sites!

Summer Conference: August 12-16th, 2024: let me know if this is something you would be interested in.

Thank you for your continued dedication and support to our local. If you have any questions or concerns, please do not hesitate to reach out.

Respectfully submitted,

Sarah Cresswell  
Local President
